Dear Member

The next meeting of the NMR Discussion Group will be held on Thursday, **24th September 1992** at the University of Bradford, commencing at 11.00 am. Coffee will be available from 10.30 am.

The price, which includes a buffet lunch, morning coffee, and afternoon tea, is £14 per head (£9 for students). The programme has not yet been finalized, but will include the following presentations.

High-field NMR of Nucleic Acids - Dr J Parkinson, University of Edinburgh

High-field NMR spectra of complex mixtures of small molecules - Dr J Nicholson,
Birkbeck College, London

The SERC 600 MHz NMR Service - Dr I Sadler, University of Edinburgh

Polymer kinetics in multi-component systems - Dr D Maitland, University of Bradford

We would welcome further short contributions (ca. 20 mins) from Group members, preferably in the areas of high field or polymer NMR. Potential speakers should send the titles of their talks to me at the above address as soon as possible. If you wish to attend the meeting, please return the meeting application form to Dr Peter Regan of the Shell Research Laboratories (Sittingbourne) before September 14th.

Should you require overnight accommodation at the University, please return the other form to Dr Derek Maitland at the University of Bradford, enclosing your remittance for £18.75 (including VAT).

I look forward to seeing you at Bradford.

Yours sincerely

Dr Irwin P Jones
