

PROGRAMME

N.M.R.D.G. Meeting at University of Strathclyde, Glasgow

Wednesday, 10th April, 1968

10.00	Coffee
10.30	Welcoming Address
10.35	¹ H N.M.R. spectra of Phenyl -groups bonded to Phosphorus Dr. R. Keat (University of Glasgow)
10.55	Solvent Effects with particular reference to Phosphoryl Groups and Unsaturated Ring Systems Dr. R. C. Mackie (University of St. Andrews)
11.15	Discussion
11.30	N.M.R. Measurement on Some Organic Charge -Transfer Complexes Dr. R. Foster (University of Dundee)
12.10	Discussion
12.30	Group Business, followed by lunch
2.00	Paramagnetic Ion-Ligand Interactions Dr. D. G. Williamson (University of Aberdeen)
2.30	N.M.R. Spectra of Some Simple Phosphorus Derivatives Professor D. W. A. Sharp and Dr. K. Crosbie (University of Glasgow)
2.50	Discussion
3.00	Paper by Dr. D. MacNicol (University of Glasgow) title to be announced
3.20	Discussion
3.30	Tea
