

## **NMRDG MEETING**

Scientific Societies' Lecture Theatre, Savile Row, London

Thursday, 16th December 1982

10.00 Coffee

10.30 Hetero-nuclear NMR made easy - or 'Who needs a density matrix anyway?'

- Dr. D.M. Doddrell (Griffith University, Queensland)

11.30 Drug-binding to dihydrofolate reductase

- Dr. J. Feeney (Medical Research Council)

12.30 Lunch

2.00 Group business

2.20 Multinuclear NMR studies of transition metal carbonyl clusters

- Dr. B.T. Heaton (University of Kent)

3.00 Some aspects of Boron NMR spectroscopy

- Dr. J.D. Kennedy (University of Leeds)

3.40 Tea
