

NMRDG MEETING
Harkness Hall, Birkbeck College, University of London

15th December 1983

- 10.00 Coffee.
- 10.30 Study of hydrogen bonding patterns by hydrogen-carbon nOe's - Professor W. Gibbons (London School of Pharmacy).
- 11.00 Whole cell NMR of formaldehyde metabolism - Dr J. K. M. Sanders (University of Cambridge).
- 11.30 Simple" NMR of isotopomers – Dr. D. B. Davies and J. C. Christofides (Birkbeck College).
- 12.00 Clinical applications of Proton NMR – Dr. J. Nicholson (London School of Pharmacy).
- 12.30 Lunch.
- 2.00 Group business.
- 2.15 NMR of liquid crystals – Dr. J. W. Emsley (University of Southampton).
- 3.15 Two-dimensional techniques for spectral assignment – Dr. D. L. Turner (University of Southampton)
- 3.45 Tea.
