

NMRDG MEETING
UNIVERSITY OF WARWICK - 11TH APRIL, 1985

- 10.00 Coffee.
- 10.30 "New Demands on NMR instruments"
Dr. G. Morris (University of Manchester.)
- 11.15 "Practical Guidelines for Obtaining Absorption-Mode Two-
Dimensional Spectra"
Dr. J. Keeler (University of Cambridge)
- 12.00 "NMR Data Processing by the Maximum Entropy Method"
Dr. P. Hore (University of Oxford).
- 12.30 Lunch.
- 2.00 "Superconducting Receiver Circuits"
Dr. P. Styles (University of Oxford).
- 2.30-3.30 "New and projected instrumental capabilities" - (contributions
from NMR manufacturers).
- 3.30 Tea (to be followed by a general discussion on future
instrumental needs).
